

# working with data set

Team id	PNT2022TMID44881
Project name	Analytics for hospital health care data

*Loading dataset:*

The screenshot displays the IBM Cognos Analytics with Watson web application. The browser address bar shows the URL `eu2.ca.analytics.ibm.com/bi/?perspective=home`. The application header includes the IBM Cognos Analytics with Watson logo, a search bar, and user profile information. A blue banner at the top indicates that scheduled maintenance has been completed. Below the header, the 'Quick launch' section is visible, featuring four main action cards: 'Upload data' (with an upload icon), 'Prepare data' (with a data module icon), 'Exploration' (with a magnifying glass icon), and 'Present data' (with a dashboard icon). Each card provides a brief description of its function. At the bottom of the interface, there is a 'Get started' and 'Recent' tab bar, and a taskbar showing the Windows operating system with various application icons and system status information (30°C Cloudy, 11:54, 08-11-2022).
